

Bring Your Skills Where They're Valued – Join Southern Electrical!

Commercial Electrician

At Southern Electrical, we believe great electricians deserve a company that values their work, supports their growth, and treats them with respect. If you're an experienced Commercial Electrician who takes pride in quality craftsmanship, we'd love to have you on our team.

For more than 60 years, we've built our reputation by delivering quality electrical work, supporting our employees, and building lasting relationships with our customers. When you join Southern Electrical, you're joining a team that works hard, looks out for one another, and takes pride in every project we complete.

What's in It for You?

- Earn \$25 to \$40 per hour based on your experience
- Paid time off (PTO) and paid holidays
- Medical, dental, and vision insurance
- Company-paid life insurance, short-term disability, and long-term disability
- 401(k) with company match
- Opportunities for advancement and continued career growth
- Year-round, steady work with an established company

Why You'll Love Working Here

- Work alongside a team that supports one another and enjoys what they do
- Be recognized for your craftsmanship and attention to detail
- Help mentor apprentices as they learn the trade
- Enjoy the stability of a company that invests in its employees

Your New Role

As a Commercial Electrician, you'll work on a variety of commercial construction projects by:

- Installing electrical systems for commercial buildings and tenant fit-outs
- Running, bending, and installing EMT, rigid, and PVC conduit
- Pulling wire and installing panels, switchgear, lighting, receptacles, and electrical equipment
- Reading and interpreting blueprints, electrical drawings, and specifications
- Troubleshooting and resolving electrical issues as needed
- Ensuring all work meets NEC requirements and local building codes
- Maintain a clean, organized, and safe job site

What We're Looking For

- Minimum of 2 years of commercial electrical experience
- Ability to read blueprints and electrical layouts
- Strong knowledge of commercial wiring methods and the NEC
- Ability to work independently and as part of a team
- Dependable, self-motivated, and committed to quality workmanship
- Valid driver's license with a clean driving record
- Authorized to work in the United States
